Honorable James O. Eastland
United States Senate
Washington, D.C. 20510

Dear Senator Eastland:

STAT

STAT This letter is in response to your note of 8 December 1977 to the Director which forwarded a request from [redacted] Mississippi for information on the CIA's investigation of LSD.

As the Director indicated in his statement before the Senate Select Committee on Intelligence and Senate Human Resources Committee, Health and Scientific Research Subcommittee on 3 August 1977, substantive information relating to CIA's testing of LSD from 1952 through 1967 were destroyed in 1973. I enclose a copy of that statement for your use.

As the report of the 3 August 1977 hearing as well as the report of a subsequent 21 September 1977 hearing by the Senate Human Resources Committee, Health and Scientific Research Subcommittee on MKULTRA have not been publicized yet, the only available document which alludes to CIA testing of LSD is the final report of hearings before the Subcommittee on Health of the Committee on Labor and Public Welfare and the Subcommittee on Administrative Practice and Procedure of the Committee on the Judiciary on S. 2515, September 10, 12; and November 7, 1975. The report is entitled "Biomedical and Behavioral Research, 1975" and should be available through the U.S. Government Printing Office.

I trust this is responsive to [redacted] needs.

STAT

Sincerely,

SIGNED

George L. Cary

Sir,

I would like to get any information you have on the CIA's investigation of LSD. I need this information for a report. If it is possible for me to get this information I need it as soon as possible.

I am a tenth grade student at Vicksburg High School and I need this information for a physiology report. I need this as soon as possible, if possible to get any information at all.
